
KRISTEN SWAN GRASHEL

PROFILE

A recent graduate of The Iron Yard's Front-end Engineering program with experience in the most recent tools and technologies, a keen eye for detail, and a passion for learning. Now seeking to participate in the development of thoughtfully designed web applications at an innovative digital agency where I can continue to develop my craft.

EDUCATION

THE IRON YARD – FRONT-END ENGINEERING, 2015

UNIVERSITY OF FLORIDA – BA, 2007

SKILLS

LANGUAGES: HTML5, CSS3, JAVASCRIPT, SASS, JADE

FRAMEWORKS/LIBRARIES: FLEXBOX, REACT, BACKBONE, JQUERY, AJAX, JSON

WORKFLOW & BUILD TOOLS: GITHUB, GULP, BABEL

EXPERIENCE

#WASTENOT, THE IRON YARD, ST. PETERSBURG, FL – 2015

Used React, Backbone, jQuery, and Sass to build the front-end portion of an application that aims to reduce food waste and hunger by connecting local businesses with organizations that provide food for the needy. Made in collaboration with a back-end developer at The Iron Yard.

PINELLAS COUNTY HOUSING AUTHORITY LARGO, FL – 2007-2013

Responsible for program integrity of Section 8 Department. Performed detailed file audits of approximately 3,000 files annually. Developed and conducted department trainings, served as resource for newly published HUD regs and updated department procedures accordingly, completed monthly utilization reports, investigated program abuse, managed fraud repayments, coordinated termination hearings, and ensured overall compliance with HUD standards.

CHUBB INSTITUTE, PARSIPPANY, NJ – 2004-2006

Served as Lead Financial Aid Advisor. Determined and packaged student financial aid, met individually with students and counseled them in matters of financial aid.

5573 25th Ave N, St. Petersburg, FL 33710
